

Can You Feel the Love Tonight
(Elton John)

F **C**
I can see what's happening
F **C**
And they don't have a clue
F **C**
They'll fall in love and here's the bottom line
F **G7**
Our trio's down to two

F **C**
The sweet caress of twilight
F **C**
There's magic everywhere
F **C**
And with all this romantic atmosphere
F **G7**
Disaster's in the air

C **G7** **Am** **F**
Can you feel the love tonight?
C **F** **G7**
The peace the evening brings
F **C** **G7** **Am**
The world, for once, in perfect harmony
F **C** **G7**
With all it's living things

F **C**
So many things to tell her
F **C**

C **G7** **Am** **F**
Can you feel the love tonight?

C **F** **G7**
The peace the evening brings

F **C** **G7** **Am**
The world, for once, in perfect harmony

F **C** **G7**
With all it's living things

C **G7** **Am** **F**
Can you feel the love tonight?

C **F** **G7**
You needn't look too far

F **C** **G7** **Am**
Stealing through the night's uncertainties

F **C** **G7**
Love is where they are

C **G7** **Am** **F**
And if he falls in love tonight

C **F** **G7**
It can be assumed

F **C** **G7** **Am**
His carefree days with us are history

F **G7** **C**
In short, our pal is doomed
