Don't stop, baby, you can walk through

**Am**

**G**

Don't wanna but I think about you

**Dm**

**C**

**Am**

**G**

You know that I'm never gonna do

*Sometimes all I think about is you*

**Am**

**G**

*Late nights in the middle of June*

**F**

*Heat waves been fakin' me out*

**Am**

**Dm** **C**  
Usually I put somethin' on TV  
**Am** **G**  
So we never think about you and me  
**F** **C**  
But today I see our reflections clearly  
**Am** **G**  
In Hollywood, layin' on the screen  
**Dm** **C**  
You just need a better life than this  
**Am** **G**  
You need somethin' I can never give  
**F** **C**  
Fake water all across the road  
**Am** **G**  
It's gone now, the night has come, but

**Dm** **C**  
*Sometimes all I think about is you*  
**Am** **G**  
*Late nights in the middle of June*  
**F** **C**  
*Heat waves been fakin' me out*  
**Am** **G**  
*Can't make you happier now*

**Dm** **C**  
You can't fight it, you can't breathe  
**Am** **G**  
You say somethin' so lovin', but  
**F** **C**  
Now I gotta let you go  
**Am** **G**  
You'll be better off in someone new  
**Dm** **C**  
I don't wanna be alone  
**Am** **G**  
You know it hurts me too  
**F** **C**  
You look so broken when you cry  
**Am** **G**  
One more and then I say goodbye

**Dm** **C**  
*Sometimes all I think about is you*

I just wanna know what you're dreamin' of

**G**

When you sleep and smile so comfortable

**Am**

I just wish that I could give you that

**C**

That look that's perfectly un-sad
