

In My Blood Shawn Mendez

C

Lying on my bedroom floor, feeling nothing
I'm overwhelmed and insecure

Am

Give me something

F

I could take to ease my mind slowly

C

Just start to think and you'll feel better

F

Just go on home and you'll feel better

Am

Keep telling me that it gets better

F

Does it ever?

C

F

Help me, it's like the walls are caving in

Am

Sometimes I feel like giving up

F

No medicine is strong enough

C

Someone help me

F

I'm crawling in my skin

Am

Sometimes I feel like giving up

F
