

## Rainbow (Kacey Musgraves)

C                    Am                    F                    C  
 When it rains it pours, but you didn't even notice

C                    Am                    F    G+  
 It ain't raining anymore, it's hard to breathe when all you know is

Am                    E7                    Am                    Dsus4  
 The struggle of staying above the rising water line

C                    Am                    F    C    G  
 The sky is finally open, the rain and wind stopped blowin'

Am                    D7    G  
 But you're stuck out in the same old storm again

C                    Am                    F    C    G  
 You hold tight to your umbrella, darling I'm just trying to tell ya

Am                    C    G                    C  
 That there's always been a rainbow hanging over your head

C                    Am                    F    C  
 If you could see what I see, you'd be blinded by the colors

C                    Am                    F    G+  
 Yellow, red and orange and green, and at least a million others

Am                    E7                    Am                    Dsus4  
 Tie up the boat, take off your coat, and take a look around

C                    Am                    F    C    G  
 The sky is finally open, the rain and wind stopped blowin'

Am                    D7    G  
 But you're stuck out in the same old storm again

C                    Am                    F    C    G  
 You hold tight to your umbrella, darling I'm just trying to tell ya

Am                    C    G                    C
