F **Dm** **G**

There's a voice inside my head sayin, you'll never reach it,

Every step I'm taking, Every move I make feels

F **Dm** **G**

Lost with no direction, my faith is shaking but

Am **Em**

I got to keep trying

F **Dm** **G**

Got to keep my head held high

There's always going to be another mountain

I'm always going to want to make it move

Always going to be an uphill battle,

Sometimes you going to have to lose,
